

WHOOPING CRANE NUMBERS IN NORTH AMERICA
As of January 5, 2010

Wild Populations	Adult	Young	Total	Adult Pairs
Aransas/Wood Buffalo	244	20 ^B	264 ^A	72
Florida Non-Migratory	28	1	29	8
Eastern Migratory	85	20 ^C	105	10
Total in the Wild	348	50	398	90

^A The Aransas-Wood Buffalo population is currently estimated at 264 birds.

^B Fifty-two chicks hatched in Canada in 2009 but only 22 fledged. 21 completed the migration, but one chick may be missing.

^C The 20 juveniles in the EMP ultralight-led migration program are added to the wild population after their release in Florida.

Captive Populations	Adult	Young	Total	Breeding Pairs
Patuxent WRC, Maryland	64	4	68	15
International Crane Foundation, WI	31	0	31	11
Devonian Wildl. Cons. Cent./Calgary	23	0	23	6
Species Survival Center, Louisiana	11	0	11	1
Calgary Zoo, Alberta	2	0	2	0
New Orleans Zoo, Louisiana	2	0	2	0
San Antonio Zoo, Texas	7	0	7	1
Homosassa Springs Wildl State Park	2	0	2	0
Lowry Park Zoo, Tampa, Florida	2	0	2	0
Jacksonville Zoo, Florida	2	0	2	0
Milwaukee County Zoo, Wisconsin	2	0	2	0
Sylvan Heights Waterfowl Park, NC	0	1	1	0
Total in Captivity	148	5	153	34

^E The captive numbers do not reflect the 34 chicks hatched in 2009 that entered reintroduction programs in Wisconsin.

TOTALS (Wild + Captive) 398 + 153 = 551
